(32-35)

Although people often think of the president as the center of government, the Constitution lists the legislative branch first. The legislative branch is called Congress. It has two parts: the Senate and the House of Representatives. The Senate has 100 members, two from each of the country's 50 states. The House of Representatives has more - 435. The number of members from each state in the House of Representatives depends on the states' populations. The Constitution names just two people in the executive branch - the president and the vice president. In the judicial branch, the Constitution establishes the Supreme Court, which is the highest court, and gives Congress the power to create other courts.

The rapid spread of popular music has become easier with the advent of the Internet. Particularly of late, an exciting bit of culture known as K Pop, short for Korean popular music, has exploded onto the world's stage. Viral music videos such as "Gangham Style" have <u>accumulated</u> over 3.4 billion views. And the boy group BTS have, on average, over 500 million Youtube views for each of their latest music video releases, and over 24 million follows on Youtube and Twitter. Ingenious approaches to music videos, and hard work set K Pop apart from any other genre. Here are the reasons K pop is so uniquely popular.
